Web Design & Development Program

RAJMATA JIJAU DEGREE NIGHT COLLEGE, AIROLI
Has organized a faculty development seminar on " **Web Design & Development Program".**
Dated 6th November 2017 to 15th November 2017.

This seminar was actually proposed by Acuity Educare Pvt. Ltd and Resource person was Mr. Abhay More.

Web Design and Development is an introduction to the design, creation, and maintenance of web pages and websites. Students learn how to critically evaluate website quality, learn how to create and maintain quality web pages, learn about web design standards and why they're important, and learn to create and manipulate images. The course progresses from introductory work on web design to a culminating project in which students design and develop websites for local community organizations.

Python : The Language of progress

RAJMATA JIJAU DEGREE NIGHT COLLEGE, AIROLI
Has organized seminar for studernts on **"Python : The Language of progress".** Dated 13th Nov 2019 to 27th Nov 2019.

This seminar was actually proposed by Acuity Educare Pvt. Ltd and Resource person was Mr. Abhay More.

Python is a modern, general-purpose, object-oriented, high-level programming language. It is powerful, flexible, and incredibly versatile language. It's also user-friendly, intuitive, enables rapid development times, and it's easy to learn programming language. The variety of careers where Python programming skills are needed is diverse, but these careers do have one thing in common: the salaries are impressive.

The main advantage is ease of programming, minimizing the time required to develop, debug and maintain the code. It is Well designed language that encourage many good programming practices. It is modular and object-oriented programming, good system for packaging and also we can re-use of code. This often results in more transparent, maintainable and bug-free code. And many more things students learn in this program.

Cloud Computing : The next future

RAJMATA JIJAU DEGREE NIGHT COLLEGE, AIROLI

Has organized seminar for students on **"Cloud Computing : The next future"**. Dated 1st Oct.2020 to 13th Oct.2020 and 4th Oct.2021 to 14th Oct.2021

This seminar was actually proposed by Acuity Educare Pvt.Ltd and Resource Person was Mr.Abhay More

Today, data is generating in a high volume and it's difficult to store it with security. Most of the companies require a place where they can securely store their data.

So many businesses are adopting cloud computing and it has been predicted that the **Cloud providers** will provide more data centers at a lower price as there is a large competition between them. With the help of the more in your company will be able to store the data.

Cloud computing is powerful and expansive and will continue to grow in the future and provide many benefits.

This will eventually lead to a more professional outlook for the Students. Students learn new skills which will help in making them more productive to the company. We also get elevated by the response of the students and benefits that our students going to receive in the future. We are also motivated to organize such seminars in the future so that our students will get benefitted by such program.

Traditionally, data science roles do require coding skills, and most experienced data scientists working today still code. However, the data science landscape continues to change, and technologies now exist that allow people to complete entire data projects without typing code. In this program basic understanding of Data Science from business and technology perspectives is provided, along with an overview of common benefits, challenges, and adoption issues. It also includes:

- Data Science Tools & Technologies
- Statistics for Data Science
- Python for Data Science
- Exploratory Data Analysis
- Advanced Statistics & Predictive Modeling
- Optimize Model Performance
- Dimensionality Reduction
- Basics of Machine Learning

Internet of Things

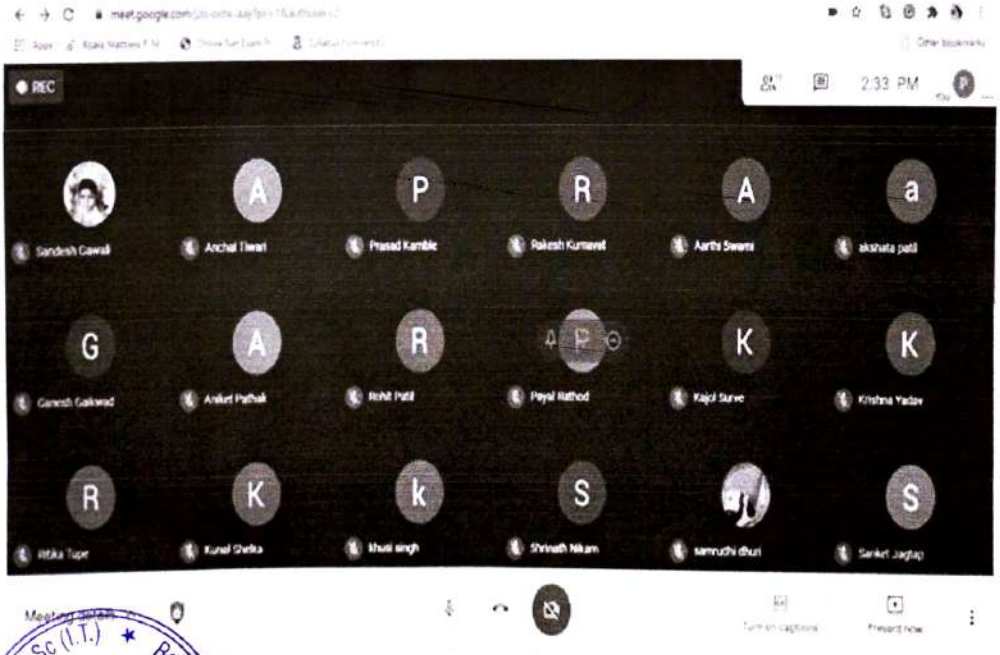

RAJMATA JIJAU DEGREE NIGHT COLLEGE, AIROLI Has organized a seminar for student on "Internet of Things". Dated 4th October 2021 to 14th October 2021.

This seminar was actually proposed by Acuity Educare Pvt. Ltd and Resource person was Mr. Abhay More.

IoT is a self-management technology. It allows smart device management.

The Internet of Things refers to the billions of physical devices around the world that are now connected to the internet, all collecting and sharing data. . It is used for the development and deployment of applications.

Students learn about key hardware and software components, and the tools and methods to protect and optimize them. This program combines elements of computer science and electronics.
